Your Excellency,

As members of Amnesty International we are deeply worried about the situation of prisoner of conscience Iranian Maryam Akbari Monfared.

Maryam Akbari Monfared was in 2010 sentenced to 15 years in prison. She has been imprisoned in the women's ward of Evin Prison but has on March 21 been relocated and banished to the Prison of Semnan against her will.

We call on the Iranian authorities to release Maryam Akbari Monfared immediately and unconditionally, as her conviction is solely based on an arbitrary interference with her privacy, family and correspondence.

We urge you to at least secure Maryam Akbari Monfared immediate access to qualified medical care while imprisoned.

Thank you for your attention.

Yours sincerely,

Your Excellency,

As members of Amnesty International we are deeply worried about the situation of human rights defender, Zeynab Jalalian imprisoned in Khoy Prison, West Azerbaijan province. Actually she has been moved from one prison to another several times, she might now be at the Yazd Prison.

Zeynab Jalalian was sentenced to death in December 2008. The sentence was based on a "confession" after enduring months of torture and without evidence of participation in armed activities. Her lawyer was denied the opportunity to represent her at court. The sentence was in December 2011 commuted to life imprisonment.

During the time of detention Zeynab Jalalian was exposed to torture and other severe ill-treatment which her family believes has caused several severe health problems. Currently, Zeynab Jalalian is being denied specialized medical treatment for her eye conditions outside the prison, and now she is at serious risk of losing her eyesight.

We call on the Iranian authorities to provide Zeynab Jalalian immediate access to medical care. We call on the Iranian authorities to release Zeynab Jalalian immediately and unconditionally, Thank you for your attention.

Yours sincerely,
